Welcome to the LENBACH!

Let's have dinner in the stronghold of sin and the temple of culinary passion: LENBACH bar, restaurant and gobelin hall in the former Bernheim House (1887). Stylish design by the British star designer Sir Terence Conran, endowed with the motifs of the seven sins: envy, greed, lust, sloth, wrath, vanity and gluttony. Temptation pure.

Munich's most attractive location. Here Heike Makatsch flirted with Hugh Grant, Mick Jagger and Nicole Kidman dined, and Andrew Lloyd Webber celebrated his premiere. Culinary gourmet restaurant with the highest of gastronomic distinctions, but also an "in" location with flair.
